## This week's focus: Football Match – Penponds School vs Kehelland School

Penponds School played a football match against Kehelland School on Friday 15<sup>th</sup> March. We played well as a team and were very dominant in the game. Unfortunately, Kehelland scored first which meant we played catch up. Jake scored to make it 1-1 then Kehelland scored to make it 2-1. We didn't think we would score again but Ben did so in the last few seconds. The game finished 2-2. Player of the Match was Jake. The team included Alex, Thomas, William, Morely, Jayden, Amy, Gina, Lloyd, Ben, Jake and Piran. Thanks to all the supporters who came and watched the match. By Alex and Piran

SUCCEED  
WITH  
PLYMOUTH  
UNIVERSITY

Dear Parent/Guardian,

**We would like to invite your son/daughter to have a 1 Week free trial at our Carn Brea Mini Soccer Centre.**

The Centre runs every Saturday from 9:00am – 10:30am at a cost of £4.50 per session, the sessions consist of learning basic skills needed for football (Dribbling, protecting the ball, passing, shooting etc) along with a range of fun enjoyable warm up and skill games not to mention matches and tournaments too.

The Centre's purpose is to get people who are new to football involved in a safe and fun environment, so they can hopefully develop as players and go on to play at a higher standard or within a grassroots football team.

If the centre is something you'd be interested in, then all that is needed is correct clothing and footwear (Trainers not Studs) and a drink to be bought to each session.

We hope this is something you would be interested in and look forward to seeing you in the future.

Please let me know if there is any more information you require.

Kind regards,

According to the Roblox website, 'Roblox is the world's largest interactive social platform for play. For those of you who are unfamiliar with the game, it is a multi-player online gaming platform which allows children to play and create a variety of games in a 3D world. Roblox is free to play and available on all modern smartphones, tablets, desktops, Xbox One, Oculus Rift, and HTC Vive.'

AGE RESTRICTION  
**13+**

# What parents need to know about **ROBLOX**

## ROBLOX STUDIO

The Roblox Studio allows users to create their own games and 'worlds' for others to play on the platform. As the games are user generated, it gives users the freedom to potentially include things you do not want your child to be exposed to, for example, weapons, violence and even pornographic content. There are no age restrictions on the games created in the Roblox Studio and to remove games from the platform Roblox relies on people reporting negative/violent content.

## CHATTING & FRIEND REQUESTS

Whilst the games in Roblox are aimed at 8 to 18-year-olds, there are currently no age restrictions for signing up. This means that both adults and young people can play and communicate with each other and send friend requests through the platform. Once a friend request is accepted, this means that they can communicate with each other outside of gameplay.

## ROBUX ONLINE PAYMENTS

When a user creates a game, they earn something called 'Robux', which works as a currency within the platform and enables the purchase of upgrades and memberships. If the created game is of good quality and attracts multiple players and in-game adverts, children have the ability to earn a lot of 'Robux.' Once a user has earned a certain amount of Robux, they can convert this to real cash and withdraw it to a PayPal account. To withdraw money, users need to be over 13, have a PayPal account and have paid for the Roblox premium subscription.

**National  
Online  
Safety**

## Top Tips for Parents

### ALERT!

Tell your children to be careful and to think twice before they click any random advert or popup. There are a lot of phishing scams that advertise free Robux etc. with the intent of stealing your child's personal information.

### UNLIST SOCIAL MEDIA ACCOUNTS

Make sure your child's social media accounts are not listed in the settings/account information. If they are, advise them to set them to private or remove them from their account. This will ensure that nobody will be able to find and contact them on their social media platforms outside of Roblox.

### CHECK SHARED INFORMATION

In the account settings, check that your child is not giving away any personal information in their bio/profile. For example, their full name, phone number or snapchat name. If you see that they have, explain why this is potentially dangerous and remove immediately.

### 2-STEP VERIFICATION

Roblox has a great two-step verification security feature which we recommend you enable to add an extra layer of security to your child's account.

### HAVE A CHAT ABOUT 'GRIEFING'

Griefing is when someone purposely upsets another player in a game. This can be done by setting traps, damaging or stealing something from another player, intentionally killing them and generally doing something in the game to spoil their gameplay. Essentially, 'Griefing' is a form of cyberbullying and can be extremely frustrating and upsetting for players.

### RESTRICT PAYMENT METHODS

Roblox is a free to play game, but there are still options to make additional in-game purchases. If you do not want your child to make payments, ensure your card is not associated with their account. If you are happy for your child to make payments in the game, but want to restrict spending, we suggest using a games console gift card. These can be purchased in specific amounts, which will enable you to restrict how much your child spends and removes the need for a credit/debit card to be used with their account.

### DISABLE IN-GAME CHAT

Roblox is great for children to play together and chat to each other. However, if you want to completely turn off in-game chat for your child (meaning they cannot contact anyone, including their friends) you can do so by following these steps: When logged in, go to the Account Settings page by clicking on the gear icon at the top right corner of the page, then click Settings. Next, click on the Privacy tab and under 'Who can chat with me in game?' select 'No one' and this will disable in-game chat.

### IS YOUR CHILD UNDER 13?

Unfortunately, there are hundreds of YouTube videos showing children how to change their age settings on Roblox, so firstly, you should talk to your child to set up some rules/agreement. There are additional safety features for children under 13, for example having their posts and chats filtered for inappropriate content and behaviour, so it is worth checking that your child has set up their account with the correct age. You can find this in their account settings.

## What is a hate crime?

A **hate crime** is any **criminal offence** which is perceived by the victim or any other person to be motivated by hostility or prejudice because of a protected characteristic.

A **hate incident** is any **non-criminal incident** which is perceived by the victim or any other person to be motivated by hostility or prejudice. This may be an incident involving prejudicial behaviour where the criminal threshold isn't met, such as being excluded from a barber's shop for being transgender, or being called names.

The key word around hate crimes and hate incidents is **perception**. This is where the victim or another person feels the victim has been targeted because of a protected characteristic based on their:

- Disability
- Race or ethnicity
- Religion or belief
- Sexual orientation
- Gender reassignment

These are known as monitored 'hate strands' which the police record and report back to the Home Office.

A victim may feel they have been targeted based on something else to do with their personal identity and this is also recorded by the police as hate 'other'.

Having an accurate understanding of the number of hate crimes and incidents that occur in communities enables the police to respond in the most appropriate way. It also helps monitor incidents that are happening and will assist in identifying any emerging tensions.

Hate crime targets an individual because of who they are, or what they believe in. Whilst this may often be due to ignorance of the offender, it can also be associated with inherent hostility and prejudice. Support and reassurance are of great importance for a victim of a hate crime and reporting it is a key way to access these services.

Being respectful to others is a major factor in looking at how hate crime and hate incidents can be minimised.

## Reporting a hate crime

By reporting a hate crime/incident to the police, it will be recorded and investigated as appropriate.

The minimum detail required to make a report of a hate crime/incident is:

- What happened
- Where it happened
- When it happened

Evidence is not needed to report a hate crime. However, where evidence is found which may show that hostility

or prejudice has been a factor in the circumstances of a crime, this will be taken into account. If the case is taken to court, this evidence may enhance any sentence given to the individual(s) committing the offence.

A victim reporting hate crime will be taken seriously. It is important that hate crime is reported otherwise police are unable to do anything about it to change the type of behaviour involved. It is also possible to report whilst remaining anonymous if preferred - see section, 'third party reporting'.

## Third-party reporting

If someone prefers to report a hate crime/incident to a third-party instead of direct to the police, there are options to do so. There are many organisations across Devon and Cornwall who support third-party reporting. A list is available on the Devon and Cornwall Police website: [www.devon-cornwall.police.uk](http://www.devon-cornwall.police.uk)

If a victim prefers to remain anonymous, this is possible when reporting via a third party. It is also possible to report a hate crime/incident online via Stop Hate UK and True Vision.

STOP HATE UK  
0800 138 1025  
24 HOUR HELPLINE

TRUE VISION

You can report anonymously (if preferred)

Information about hate crime/incidents help the police understand local community issues and it gives a greater understanding of any feelings of increased tension within communities. Sometimes, this may not be associated with a specific incident that has happened, it may be information about a potential incident. It is important that police are notified so that they can monitor tensions and respond appropriately.

If you are interested in finding out more about being considered as a third party reporting centre please email: [diversitydevon@dc.police.uk](mailto:diversitydevon@dc.police.uk)

#ZeroTolerance2HATE

## How do the police respond to a report of hate crime?

When a victim of a hate crime is known, they will be spoken to in the first instance by the police who will listen to what has happened. The police will seek to understand the impact that the crime has had on the individual(s). The impact of hate crime on an individual is often compounded due to the way it seeks to harm the personal identity of its victim.

By speaking with the victim, police are able to identify a victim's needs, determine any vulnerabilities and seek

to understand how the victim may wish for the incident to be resolved. Where any additional support is identified, this will be put into place and support from other agencies can be provided where necessary.

How best to resolve a case of hate crime will be discussed with the victim, unless the circumstances (with evidence gathered) are so serious that it must follow the criminal justice route through the court system.

## Victim care

The Victim Care Unit works alongside the police. It assists in providing support through a range of services called the 'victim network' to best support a victim.

Should a victim prefer to seek direct support from the Victim Care Unit they can be contacted on:

Tel: **01392 475900**  
(Mon-Fri 8am-8pm/Sat-Sun 8am-5pm)  
Website:  
[victimcaredevonandcornwall.org.uk/](http://victimcaredevonandcornwall.org.uk/)

The importance of working with victims to best address individual needs is widely recognised. This 'victim focus' is the priority for both the police and the victim network. Services provided through the victim network are far reaching and provide support for all the protected characteristic groups. Hate crime must not be tolerated.

In line with the Victims Codes, the police must keep in regular contact with the victim of a hate crime and update them on any key developments during an investigation.

## How do the police deal with an offender of a hate crime?

The police will investigate the circumstances of a hate crime and will look to find evidence to support this. Without evidence, it is not possible for an investigation to be taken to court.

Evidence can take many forms:

- Forensic: fingerprints, DNA
- CCTV
- Photographs of injuries
- Graffiti
- Hate mail
- Text messages
- Social media posts/messages
- Unsolicited e-mails
- An admission by the perpetrator

When a hate crime is reported, statements will be obtained from victims and witnesses. First accounts from a witness can be a key piece of evidence. A support service assisting a victim with a third-party report may be asked to give a first account statement by the police.

The **Crown Prosecution Service** is the organisation which takes an investigation to court to prosecute someone for a hate crime. However, following the criminal justice route through the court isn't the only way to deal with an offender.

The range of options to deal with an offender may be considered from the list below depending on the circumstances:

- Criminal Behaviour Orders (CBO)
- Acceptable Behaviour Contracts (ABC)
- Civil injunctions
- Harassment warning
- Caution
- Charge
- Community resolution
- Restorative justice
- Bail for further enquiries
- No further action
- Referrals to other organisations for support

To report a hate crime to the police, please see the back page for details.

## Zero tolerance to hate crime pledge

It is recognised that the recording and investigation of a hate crime should be the responsibility of the police. Whilst we acknowledge there is significant under-reporting of hate crime, Devon & Cornwall police are keen to build trust and confidence with its minority community groups to encourage more reporting of hate related crimes and incidents.

We are urging individuals and organisations to pledge their support to the **zero tolerance to hate crime** campaign.

By pledging support, it will send a powerful message to our communities that hate crime will not be tolerated.

The pledge aims to:

- Increase knowledge and understanding of hate crime among communities.
- Promote reporting methods including third-party reporting.
- Explain how the police respond to a victim of hate crime.
- Help individuals understand how we can deal with those individuals who commit hate crime.

You can sign up to the pledge by completing the online form at: [www.devon-cornwall.police.uk](http://www.devon-cornwall.police.uk)

Upon receipt of your signed pledge, you will be given details of collection points where you can obtain your **zero tolerance to hate crime** pack. This will include a variety of posters, stickers and a pledge poster.

Alternatively you will be able to download posters from the Devon and Cornwall police website: [www.devon-cornwall.police.uk](http://www.devon-cornwall.police.uk)

Where a public sector organisation signs the pledge, this will assist in fulfilling obligations under the Public Sector General Duty - Section 149 of the Equality Act 2010 which protects people from discrimination and harassment.

In summary, those subject to the equality duty must have due regard to the need to:

- Eliminate discrimination, harassment, victimisation and any other prohibited conduct.
- Advance equality of opportunity.
- Foster good relations between people.

## We support the campaign

### By pledging support we will:

- ☒ Promote an equal society to uphold the rights of everyone and we will work to eliminate unlawful discrimination, harassment, victimisation and unfair treatment
- ☒ Foster good relations by promoting respect for each other and tackling prejudice
- ☒ Report any incidents of hate that are witnessed within our organisation / premises
