Year 6 – Camborne Science and International Academy – Science Event

On Friday we had a fantastic opportunity for Y6, we were invited to a science workshop at Camborne Science and International Academy. It was great. We learnt about: Density, surface tension, different gases and the processes between solid, liquid and gas. What a great experience, we can't wait for the next one!

Trencrom Class

Trencrom class were so lucky to take part in workshops with Mrs Evans on Wednesday, as well as taking part in a zoom call with a real author, Lucy Noguera! The theme for the day was based around the text, 'Herman needs a home'. We spoke to the author who explained that the reason behind the story was how she had learnt about all the plastic waste in the ocean. We took part in a workshop inspired by 'flotsam flo' (can be found on Facebook) who creates wonderful items made from repurposed plastic.

We saw how she made purses from broken inflatables, hair clips from plastic bags and funny creatures from old wetsuits. We then designed and made our own new products from old plastic. Some children even tried sewing or joining plastic by weaving through the holes. Mrs Evans said the children were wonderful and all fully engaged, with fantastic ideas and bundles of enthusiasm. Well done children. Please take a look at some of our finished products.

If you would like to purchase a signed copy of the text or any other product advertised below, please see Mrs Richards

Poem

Where my caravan has rested,

Flowers I leave you on the grass.
All the flowers of love and memory,
You will find them when you pass.

You will understand the message,
Stoop to kiss them where they lie;

But if other lips have loved you,
Shed no tear and pass them by.

Romany song composed by Hermann Lohr in 1909

Meaning: The travellers leave some grass or a few flowers at the Cross Roads to show other travellers following behind them the road they have taken. This is know as the "Patterain".

Cookery Club

Yesterday, the 'Cooking Club Chefs' made pizza! We observed that the dough had risen due to the yeast and expert kneading. Next, we rolled out the dough and created a crust by pinching the edges. Then we grated the mozzarella and mixed some Italian herbs with the passata. Finally, we spread the passata onto the base and sprinkled the mozzarella on top. The chefs took their pizzas home to bake, so that they could enjoy them whilst they were fresh out the oven! I hope you enjoyed your yummy pizza! - Miss Murphy
