What we discussed/or did this time:
 It has been a while since our last meeting. We discussed that we would all like a note book to write in for ideas we have/ ideas that our friends have between meetings. One of our actions was to talk to friends about suggestions for after school club, most of us did this but can't remember all of the suggestions. We will do this before the next meeting and write the suggestions down in our book.

Rainbow Promise-
 Miss King explained the Rainbow Promise to us. It is a list of extra-curricular activities which all children at one of our Rainbow Schools will have the opportunity to do before they leave. We have to take a list of activities to a Rainbow Promise meeting and help to create the list. We discussed whether we would like to think of ideas or whether we would like to get the whole school involved. We agreed that we would like to involve all of our friends. We will all collect a list of ideas from our class and have another meeting to choose from those lists for the meeting. We agreed that the oldest school councillors should attend the meeting.

We looked at the new Rights display. We feel that it looks colourful and eye catching. We agreed that any visitors to our school will be able to learn our rights and will see that each child has agreed to them by creating a hand print.

Actions to follow up:	By who?

- To help to make our Rainbow Schools a fun and exciting place to learn by contributing to a list of fun, extra-curricular activities.
